Tri-Cities Shooting Association, Inc. Presents

A PRS-ish* .22LR

SNAKE-n-BAKE Rimfire Match 2021

@ RMSF HP Range

The Tri-Cities Shooting Association will hold a PRS-ish* 22lr Rimfire match on:

Day	Date	Registration & Start	Match Director
Sunday	July 25,2021	Reg 0730 Start 0900	George Hager & Charles Bonham

It is not fair to your fellow shooters to delay the start of shooting because you are tardy.

Please leave your firearms in your vehicle until directed to remove them by the Match Director or range safety officer!

This is a first draft and subject to change prior to the match.

***This match is NOT sanctioned by anyone by me. There is NO affiliation with either the PRS or NRL.**

Overview: This match is designed to be quite simple and geared towards those who may have a .22lr in the closet and want to play. BUT gear is limited to whatever is considered legal in your standard PRS/NRL centerfire match. If you use a piece of gear on one stage, you are expected to carry it to all stages. This is geared to be a low-key fun match. Each squad will RO itself. The match is not designed to be hard but is not geared to be easy either. When changing positions within a stage the BOLT MUST BE OPEN on an empty chamber!

Targets: Shooters gain points by hitting various steel targets at various ranges from 25 – 200+ yards. There may be ONE stage with targets beyond 200 yards.

Fees: There is a $10 fee for adult shooters. Shooters under age 18 shoot for free but MUST be accompanied by an adult.

Prizes: Trophies are to be awarded to the top 3 finishers along with a TCSA HP/RMSF coin/medallion to the winner & High Junior finisher.

Location: The Rattlesnake Mountain Shooting Range is located 10 miles NW of Richland. Access to the range is through a gate on highway 225 (Horn Road. We will be utilizing the HP range (200-yard line). Facilities at the range are primitive. Porta-potties are available but there is **NO** potable water. Please prepare accordingly as it will be HOT and suck-factor is expected to be high.

Match Procedure: After registration, fee collection and squad assignments are completed for all competitors. A mandatory orientation and safety meeting will be held for all competitors and Range Officers.

- 0730: Range opens
- 0745 – 0930: Dope check on 12" steel @ 100 & 200 yards. Match target are not to be engaged.
- 0840: Match/Safety Brief. This is the time to ask questions.
- 0900: First shots

Stage names are listed below and subject to change (specifics are still being worked out). We will probably use 10 – 11 stages.

- **Ace's Wild**
- **Mad Minute**
- **The Legend jr.**
- **Sage Rat Safari**
- **XTC**
- **Mind Eraser**
- **Dos Taburetes**
- **Operation Covid Crush**
- **Push Your Limits**
- **We were Swingin'**
- **While out for a stroll**

EMPTY CHAMBER INDICATOR (ECI): *An Empty Chamber Indicator is required to be in your rifle at all times except during the preparation period and the firing of your relay.*

Please have an Empty Chamber Indicator in your rifle when you arrive at the range to check in.

If you do not have an Empty Chamber indicator, please arrive at the range with your rifle unloaded and the action open. Let the Match Director know you do not have an Empty Chamber Indicator, and one will be provided.

HANDLING OF FIREARMS:

Handling firearms behind the firing line is not permitted. The handling of firearms is defined as anything a competitor does to operate the mechanism, shoulder, aim, put a sling on, load, practice loading, insert a clip or magazine, or otherwise perform any action that would prepare the competitor to fire the firearm.

Adjusting or blackening sights, adjusting slings without placing them on the arm or making minor adjustments to the firearm in the ready area or behind the firing line is not regarded as handling the firearm, and is permitted as long as an ECI remains inserted.

Competitors may load clips or removable magazines in the ready area (so long as they are not inserted in the firearm).

After competitors are instructed to carry their rifles and equipment to the firing line, they are permitted to handle their rifles on the firing line as long as the muzzle remains pointed up or downrange and an ECI remains inserted. After arrival at the firing line and prior to the start of the preparation period, competitors may put a sling on and assume position with the rifle. Competitors may not remove the ECI, close the action or dry fire until the Range Officer announces the start of the preparation period.
