

# THE LEGEND MATCH - 2021

Rattlesnake's 4th annual THE Legend match is **Saturday, 06 February**. This is our grassroots effort to remember a Navy trigger puller, and raise funds for a local veteran support group.

This is a simple (but not necessarily easy) single stage tactical rifle train-up and social event. There are no prizes, and 100% of the match fees go to Camp Patriot

Donations above/beyond the match fee are appreciated.

**SCHEDULE:** 0830 hrs setup; 0900 hrs 600 yard static dope check; 1000 hrs 1000 yard static dope check; 1100 hrs lunch; 1200 hrs match.

**MATCH:** 10 cold bore shots from 1000 yards, with a sudden death tie-breaker if needed. Everyone will take one shot in order down the line, so you'll have anywhere from 2-5 minutes between shots depending on how many entries we have. When it's your turn, you'll have 6-10 seconds to engage the target. No sighter shots or wind flags. Targets will be steel 100% IPSC silhouettes, with 66% IPSC for the tie-breaker. Targets will have hit indicator lights on them. No caliber or muzzle break restrictions.

**REGISTRATION AND/OR QUESTIONS:** Text (509-308-9230) or email John Hauptmann <[JLHauptmann@gmail.com](mailto:JLHauptmann@gmail.com)> by 30 January if you want in. This is mostly so we can get a head count for lunch, and make sure enough practice targets get hung.

**FEE:** \$20 donation. If you want to shoot multiple rifles during the competition, you can simply pay an additional \$20 entry fee for the second (or third) rifle. Fees are payable at the range the day of the match.

**EQUIPMENT RESTRICTIONS:** None, with the understanding this is a tactical rifle match, NOT an F-Class or bench rest match. Rifles must be magazine fed (no single shots), shoulder fired, and all rounds must be loaded directly from the magazine. Collapsible tactical or hunting style bipods only; adjustable F-Class style bipods or tripods are not allowed. A single tactical style rear bag or monopod is fine. If you choose not to shoot prone (or are unable to), rests must be field expedient; tactical tripods are allowed if you want to use one. Suppressors are encouraged, but not required. Equipment acceptability will be determined solely by the match director, and are final.

**HEARING PROTECTION:** It will behoove you to have electronic hearing protection...

**HECKLING:** Yes. Heckling is both allowed and encouraged.

**CALIBER & AMMO RESTRICTIONS:** None, but no armor piercing rounds are allowed.

**LUNCH:** BBQ hot dogs & sausage dogs with sauerkraut & condiments will be provided; if you need a plate, bring your own... If you want something to drink besides water, Bring your own... Kids and significant others are welcome. Additional donations to Camp Patriot will be accepted if you are so inclined.

**WEATHER:** It's early February in Eastern Washington, so come prepared. There will be a bonfire regardless of weather.

# THE LEGEND MATCH - 2021

**LOCATION:** The Tri-Cities Shooting Association's Rattlesnake Mountain Shooting Facility is located near Benton City, WA approximately 8 miles northwest of Richland, WA. We are part of the Benton County Parks system, and have two entrances to the range; use the entrance at Milepost 8.45 for our High Power range. Directions are available at

**ACCOMMODATIONS:** We are intentionally starting this match late so you and your partners can make a day trip out of it, but if you want to come in the night before for the Saturday morning dope checks, there are several good places to stay in Richland; all are about 20 minutes from the range. Days Inn isn't fancy, but is probably your best bang for the buck. Google is your friend. Some have river views, all are reasonably close to restaurants, shopping, and have good freeway access.
